1200 x 1000 SuperPal Plastic European Pallet - ORBIS

Now halogen-free!

The 1200 x 1000 FM SuperPal offers improved hygiene, durability, strength and stackability, while outlasting and outperforming alternative pallets, resulting in a lower cost-per-trip. ORBIS offers the largest selection of fire-retardant pallets approved by Factory Mutual Research Corporation (FM) as meeting fire rating requirements equivalent to wood pallets. ORBIS' fire retardant pallets are now available in a new halogen-free (HF) material, which contains no bromine of any kind (i.e. PBDE free). ORBIS is one of the first in the reusable packaging industry to receive approval from Factory Mutual to use this innovative HF material. In addition to being halogen-free (HF), this material improves fire performance while enhancing impact performance.

BENEFITS

- Euro-sized pallet
- Halogen-free, bromine-free
- Patented snap-fit design allows for on-site repair
- Structural foam molded
- Compatible with all palletizers, conveyors and automatic systems
- This heavy-duty pallet is designed to convey industrial products
- Tapered 4-way entry
